Entries:

Entries are due on 5/10/19 at 12:00 p.m. (noon) P.S.T.

Due to the large number of entries, we are not able to change entries after the deadline. We ask that coaches and students double-check all entries well in advance to ensure no errors are made.

We must have all judges entered by the tournament deadline.

You may access the invitation and entry system at <https://forensicstournament.net/CaliforniaMiddleSchoolState/19/>

Awards:

All competitors advancing to an elimination round shall be awarded for doing so. The tournament shall award school sweepstakes awards for the top three overall schools in both debate and IEs. Points shall be calculated in accordance to the SCJFL rules and by-laws.

Eligibility:

This event is run by the California Middle School Forensics (CMSF), which is a subsidiary of the Southern California Junior Forensics League (SCJFL). However, in keeping with the standards of the previous eight years, all schools, clubs, after-schools, and home schools are permitted entry, provided they are in good standing with the SCJFL. No league membership fee is required for this tournament, however, individual school fees may apply.

Students from 5th grade - 8th grade are permitted to compete at this tournament.

Special Rules:

In keeping with the SCJFL by-laws, we would like to call your attention to a few items that may be different from other tournaments.

- No publication requirements for interpretation events. Students may not write pieces themselves unless the event requires it, but we allow students to use literature from any source, published or non-published.
- Internet access for Extemp and all debate events. Students should not use this access to confer with coaches or other direct outside sources, but may use the Internet to access articles and case files.
- 5th graders are welcome! Middle school is 5th-8th grade.
- SPAR times are the following: (2 prep) Pro 2; Con 2; Cross; Pro 2; Con 2
- Performative plagiarism, as outlined on page 25 of the SCJFL Rules & By-laws, prevents the "copying the performance of other performers." Please review this section of the rules for all students entered in interpretation events.

Wellness:

We have designed the schedule for this tournament with great care. While we have tried to provide students with the opportunity to compete in as many events as possible, this comes at a potential risk. We ask that students carefully consider the schedule before deciding to enter multiple events. The tournament will not delay rounds for students who did not attend a round on time. Furthermore, students who insist on doing both speech and debate events may risk missing lunch breaks. Such students may want to think of creative alternatives such as bringing a lunch to the tournament.

We are also concerned about the wellness of parents and coaches. We know that many teams are traveling long distances to attend this tournament, and thus we are concerned about those who might be driving late at night after such a long weekend. Please take time to consider your team's judging schedule and provide relief for those planning to drive home at the end of the tournament. We will provide a quiet space for any drivers who would like to get some rest. Please let tournament staff know.

Judges:

One of our biggest concerns is that we do not run late. We know that teams have scheduled travel plans, and as such, we are requiring that all judges be entered with the following information so that we can reach them in the event of a problem.

- Cell phone number
- Dates/times available for the tournament (please indicate if your judge(s) will not be available on one of the three days or what time this judge will need to leave the tournament early)
- Experience in judging debate

Events:

Pattern A

Lincoln-Douglas Debate (Resolved: Violent revolution is a just response to political oppression.)

Policy Debate (Resolved: The United States federal government should substantially reduce its restrictions on legal immigration to the United States.)

Public Forum Debate (Resolved: The United States federal government should enforce antitrust regulations on technology giants.)

Big Questions (Resolved: Humans are primarily driven by self-interest.)

SPAR (Topics will be provided at the tournament)

Lincoln-Douglas, Public Forum, Big Questions, and Policy Debate will all be randomly assigned for the first two rounds and then power-matched (high-high) for the remaining preliminary rounds. All elimination rounds will be standard bracket rounds. Please see the SCJFL Rules & By-laws for more specific information.
